

MARVIC POWER STEERING FLUID

(Marvic Power Steering Fluid)

MARVIC POWER STEERING FLUID achieves a constant steering feel under all conditions, from extreme cold to midsummer. It can also be used for the power steering in vehicles that specify DEXRON/MERCON.

Recommendations

- Domestic and foreign cars that specify DEXRON/MERCON
- For power steering part maintenance , replacement and replenishment

■ MARVIC POWER STEERING FLUID
■ Mineral oil
■ Vehicles specifying DEXRON/MERCON

Usage Precautions

- Cannot be used with electro-hydraulic pump type.
Use OEM fluid for Toyota MR-2, MR-S, Alphard HV (ATH10W), Subaru Alcyone, and other electric power steering systems.
- Not compatible with "Pentosin CHF11S /CHF202" oil type specified for foreign (non-Japanese) vehicles

Typical Properties

Density (15°C g/cm ³)	0.863
Flash point (°C)	200
Pour point (°C)	-42.5
Kinematic viscosity (40°C mm ² /s)	34.3
Kinematic viscosity (100°C mm ² /s)	6.9
Viscosity index	167

Product Packaging and JAN Code

- Package 20L JAN4531291008551
